CONTROL & AUTOMATION

CONNEXOON

Designed to easily control your product wherever you are in the world, despite the weather changes you can remotely activate your products accordingly.

Compatible with iOS and Android smartphone systems. You can assign multiple functions through created scenarios, you can give a one-touch command.

- A Telis 1 - Pure** Elegant design that allows you to easily control your product. The standard control unity.
- B Telis 1 - Lounge** Elegant design with black color.
- C Telis 1 - Patio** IP 66 water-proof feature for outdoor use.

MULTI CHANNEL OPTIONS
Telis 1 is remote control with 1 channel, while the Telis 4 has got 5 channels. Telis 4 option is available for Pure, Lounge, Patio, RTS Lounge Roller and RTS Pure Roller.

- D** 16-channel ergonomic design that allows you to control all functions at the same time from one control. By digital screen feature you can control different products with a symbol and a number given for different products.

SUN SENSOR
It automatically opens product in sunny weather and provides maximum protection from the sun.

- E** Functional design that allows the adjustment of the illuminations to the desired level with the Roller feature.

WIND SENSOR
It measures the wind speed and automatically retracts your product when high wind speed is detected.

DETAILS & OPTIONS

WATER DRAINAGE & SEALING

The hidden part of the drainage system which was ingeniously integrated inside both beams and pillars makes effortlessly possible the discharge of water.

DOUBLE ANTI-AIR SYSTEM

- A This system prevents the wind entering between the ceiling cover, rails and gutter, and creates an airtight space into which the wind cannot enter.

WATERBLOCK

- B This prevents rainwater entering the enclosed area, and leads it directly to the front gutter for perfect water drainage.

Gutter Seal

Back Seal

DETAILS & OPTIONS

STRUCTURAL DESIGN

ELEGANT DESIGN

EGS Pergola's aesthetic appearance offers the best for those who desires elegance and perfection.

HIDDEN ASSEMBLY DETAILS

Plus and Compact series provide a clean surface and perfect view by concealing all connection details made with stainless steel screws and parts.

GEOMETRIC CROSS SECTION

With its geometric design, the specially engineered inner section gives maximum strength and wind resistance to the aluminium rail profile.

PILLAR BASE

Stainless steel base hides all the floor installations inside, drains the water to the outside and gives an exclusive finish to your product.

PROFILE CAP CHOICES

Give a personal touch to your pergola by choosing from a rounded or straight ended cap.

HORIZONTAL BEAMS

The front and side beam on the same horizontal level, giving a continuous line throughout the product, ensuring a smooth relaxing overall look, which is a delight to the eye.

* Doesn't include the compact series.

SEPARATE GUTTER PROFILE

RAIN GUTTER **A**

The gutter with its height adjustment feature, provides the anti-air system, in different positions to ensure a perfect fit, according to the inclination of your product.

SEPARATE FRONT BEAM **B**

The separated front beam carries all the weight of the roof without putting any pressure on the gutter. Additionally it is also responsible for carrying awnings and glass systems.

VERTICAL BLIND **C**

Horizontal sun rays can be reduced with a vertical blind. It is a full cassette awning and the Ferrari Soltis fabric, provides shade without interrupting the view.

GLASS SYSTEMS **D**

Different glass systems can be installed directly onto the front beam.

DETAILS & OPTIONS

APPLICATION TYPES & SOLUTIONS

RAIL POSITIONING

MODIFIABILITY

Allows modifications on the main constructions by changing the main aluminium beam and pillars with steel.

MIDDLE PILLAR REDUCTION

Provides a flexibility to remove the middle pillars by performing optional system changes.

PILLAR POSITION CHANGE

Pillars have the ability to shift up to 50 cm according to the structural needs of the Project.

5

5-YEAR WARRANTY

All our products have up to 5 years guarantee for the construction and motor. The electronics and remote controls are guaranteed for 2 years.
